Details of the pre-application advice received

These are contained within Section 2 of the Planning, Design & Access and Heritage Statement. However the LPA response does provide the following summary: "Based upon the above assessment of the site and relevant local and national planning policy, the principle of proposed residential development (Class C3) would be likely to be accepted. However, insufficient information has been provided to make a full assessment on the proposal against all relevant development management considerations, not limited to but including the proposal's impact on highways, ecology, drainage, arboriculture and design. The Council has given as much of a view on the proposals that is possible at this stage based on the submitted information."
