

Town and Country Planning Act 1990 (as amended)

PLANNING PERMISSION GRANTED

APPLICATION REFERENCE: 24/00795/FUL

Name and address for correspondence:	Applicant name:
Hannah Swainston Quod 21 Soho Square Soho London W1D 3QP	Iron Mountain

Part I - Particulars of Application

Date of Application: 29 August 2024

Proposal:	Alterations to the existing warehouse comprising the installation of a new 12m canopy on the north eastern access door and the construction of a new sprinkler tank and pump house, a new perimeter fence, new car park entrance gates and a new office and amenity block building
Location:	Unit 9 , Heywood Distribution Park, Heywood, Rochdale, OL10 2TL

Part II - Particulars of decision

The Rochdale Borough Council hereby give notice in pursuance of the provisions of the Town and Country Planning Act 1990 (as amended) that planning permission has been **GRANTED SUBJECT TO CONDITIONS** for the carrying out of the development referred to in Part I above.

The Council hereby permits the above development in accordance with the details given on the application form and subject to the following condition(s):

Conditions and Reasons:

- 1 The development must be begun not later than three years beginning with the date of this permission.

Reason: Required to be imposed by Section 91 of the Town and Country Planning Act 1990 (as amended).

- 2 This permission relates to the following plans and documents:

- Site Location Plan Drawing No 0601 Rev C
- Proposed Site Layout Drawing No 0610 Rev E
- Building Layout - Proposed Building Plan Drawing No 1010 Rev D
- Building Layout - Proposed Elevations Drawing No 1310 Rev B

- Amenity Building - Elevations - Drawing No 1350 Rev D
- Amenity Building - Plan - Drawing No 0150 Rev D
- Proposed Sprinkler Tank Location Drawing No 0620 Rev B
- Proposed Level Access Canopy Drawing No 1315 Rev A
- Proposed Fence Layout Drawing No 0611 Rev E
- Typical Fence Details Drawing No 0625 Rev A
- D6500 BI-Folding Gates Specification
- Design and Access Statement Revision P03 (Dated 28.08.2024)
- Sustainable Drainage Statement Dated 6th August 2024

and the development shall be carried out in accordance with these drawings hereby approved unless otherwise required by the conditions below.

Reason: For the avoidance of doubt and to ensure a satisfactory standard of development in accordance with the policies contained within the adopted Rochdale Core Strategy, the saved Rochdale Unitary Development Plan, Places for Everyone Joint Development Plan and the National Planning Policy Framework.

- 3 Notwithstanding any details shown on Proposed Fence Layout Drawing No 0611 Rev E, Typical Fence Details Drawing No 0625 Rev A and D6500 Bi-Folding Gates Specification, the proposed paladin fencing and bi-folding gates shall be black in colour (RAL 9005 Jet Black).

Reason: For the avoidance of doubt and to ensure a satisfactory standard of development in accordance with the policies contained within the adopted Rochdale Core Strategy, the saved Rochdale Unitary Development Plan, Places for Everyone Joint Development Plan and the National Planning Policy Framework.

- 4 All construction work associated with the development hereby permitted shall only take place between 08:00am and 18:00pm on Mondays to Fridays, between 09:00am and 14:00pm on Saturdays and not on Sundays or Bank or other National Public Holidays.

Reason: In the interests of the amenity of the area and adjoining and nearby residential properties.

- 5 Noise from the proposed development or any associated plant and equipment permitted by this permission shall not exceed 50dB LAeq 1 hour when measured within the curtilage of noise sensitive premises between the hours of 07:00am and 23:00pm and 40dB LAeq 5 minutes at all other times.

Reason: To protect the amenity of nearby residents in accordance with Policy G9 of the Rochdale Core Strategy.

- 6 Any lighting attached to or used in conjunction with the proposed development subject to this permission should be designed and controlled and used so as not to illuminate any area beyond the boundary of the site.

Reason: To protect the amenity of nearby residents in accordance with Policy G9 of the Rochdale Core Strategy.

BIODIVERSITY NET GAIN

The effect of paragraph 13 of Schedule 7A to the Town and Country Planning Act 1990 is that planning permission granted for development of land in England is deemed to have been granted subject to the condition (biodiversity gain condition) that development may not begin unless:

- (b) a Biodiversity Gain Plan has been submitted to the planning authority,

and;

- (b) the planning authority has approved the plan.

The planning authority, for the purposes of determining whether to approve a Biodiversity Gain Plan, if one is required in respect of this permission would be Rochdale Council.

Based on the information available this permission is considered to be one which will not require the approval of a biodiversity gain plan before development is begun because one or more of the statutory exemptions or transitional arrangements in the list below is/are considered to apply.

Statutory exemptions and transitional arrangements in respect of the biodiversity gain condition.

1. The application for planning permission was made before 12 February 2024.

2. The planning permission relates to development to which section 73A of the Town and Country Planning Act 1990 (planning permission for development already carried out) applies.

3. The planning permission was granted on an application made under section 73 of the Town and Country Planning Act 1990 and

(i) the original planning permission to which the section 73 planning permission relates* was granted before 12 February 2024; or

(ii) the application for the original planning permission* to which the section 73 planning permission relates was made before 12 February 2024.

4. The permission which has been granted is for development which is exempt being:

4.1 Development which is not 'major development' (within the meaning of article 2(1) of the Town and Country Planning (Development Management Procedure) (England) Order 2015) where:

(i) the application for planning permission was made before 2 April 2024;

(ii) planning permission is granted which has effect before 2 April 2024; or

(iii) planning permission is granted on an application made under section 73 of the Town and Country Planning Act 1990 where the original permission to which the section 73 permission relates* was exempt by virtue of (i) or (ii).

4.2 Development below the de minimis threshold, meaning development which:

(i) does not impact an onsite priority habitat (a habitat specified in a list published under section 41 of the Natural Environment and Rural Communities Act 2006); and

(ii) impacts less than 25 square metres of onsite habitat that has biodiversity value greater than zero and less than 5 metres in length of onsite linear habitat (as defined in the statutory metric).

4.3 Development which is subject of a householder application within the meaning of article 2(1) of the Town and Country Planning (Development Management Procedure) (England) Order 2015. A "householder application" means an application for planning permission for development for an existing dwellinghouse, or development within the curtilage of such a dwellinghouse for any purpose incidental to the enjoyment of the dwellinghouse which is not an application for change of use or an application to change the number of dwellings in a building.

4.4 Development of a biodiversity gain site, meaning development which is undertaken solely or mainly for the purpose of fulfilling, in whole or in part, the Biodiversity Gain Planning condition which applies in relation to another development, (no account is to be taken of any facility for the public to access or to use the site for educational or recreational purposes, if that access or use is permitted without the payment of a fee).

4.5 Self and Custom Build Development, meaning development which:

- (i) consists of no more than 9 dwellings;
- (ii) is carried out on a site which has an area no larger than 0.5 hectares; and
- (iii) consists exclusively of dwellings which are self-build or custom housebuilding (as defined in section 1(A1) of the Self-build and Custom Housebuilding Act 2015).

4.6 Development forming part of, or ancillary to, the high speed railway transport network (High Speed 2) comprising connections between all or any of the places or parts of the transport network specified in section 1(2) of the High Speed Rail (Preparation) Act 2013.

* "original planning permission means the permission to which the section 73 planning permission relates" means a planning permission which is the first in a sequence of two or more planning permissions, where the second and any subsequent planning permissions are section 73 planning permissions.

Procedure Statement:

The proposal complies with the development plan and would improve the economic, social and environmental conditions of the area. It therefore comprises sustainable development and the Local Planning Authority worked proactively to issue the decision without delay.

Date Decision Issued 31 October 2024

Melanie Hale
Head of Planning Services

IMPORTANT

PLEASE ENSURE THAT YOU HAVE READ AND FULLY UNDERSTOOD THE CONTENTS OF THIS DECISION NOTICE. YOUR ATTENTION IS DRAWN TO THE ATTACHED NOTES.

INFORMATIVE:

The Local Planning Authority's reasons for its decision are set out in the accompanying officer's report.

INFORMATIVE:

The applicant is reminded of the need to submit and obtain formal approval of those details required by the conditions of this planning permission before development may lawfully commence on the site. The formal discharge of a planning condition is currently subject to payment of an additional fee per request: £34.00 for householder applications and £116.00 in all other cases.

INFORMATIVE:

The proposed development lies within an area that has been defined by The Coal Authority as containing potential hazards arising from coal mining. These hazards can include: mine entries (shafts and adits); shallow coal workings; geological fissures; mine gas and previous surface mining sites. Although such hazards are often not readily visible, they can often be present and problems can occur as a result of development taking place, or can occur at some time in the future.

It is recommended that information outlining how the former mining activities affect the proposed development, along with any mitigation measures required, be submitted alongside any subsequent application for Building Regulations approval.

Any intrusive activities which disturb or enter any coal seams, coal mine workings or coal mine entries (shafts and adits) requires the prior written permission of The Coal Authority. Such activities could include site investigation boreholes, digging of foundations, piling activities, other ground works and any subsequent treatment of coal mine workings and coal mine entries for ground stability purposes. Failure to obtain Coal Authority permission for such activities is trespass, with the potential for court action.

Property specific summary information on coal mining can be obtained from The Coal Authority's Property Search Service on 0845 762 6848 or at www.groundstability.com.

INFORMATIVE:

The applicant is advised that the supply and delivery of refuse containers (including all wheelie bins and food waste caddies) for residential developments is chargeable and the responsibility for these charges rests with the applicant/developer. The cost is based on a variable rate per property depending on the property size and number of bedrooms but as an indication, the present charge for a suite of three 240l recycling bins and one 240l refuse bin is £144 per residence. Please contact environmental.management@rochdale.gov.uk for a quotation for your development.
