Eligibility

Permitted development rights are subject to conditions set by legislation to ensure that only appropriate proposals are eligible.

The need to apply to the Local Planning Authority to see if prior approval is required is one such condition.

The questions below will help determine if the proposals are eligible for this permitted development right

Would the proposed change of use result in the building containing more than two flats?

☐ Yes

☒ No

Would a part of the building continue to be:

- In a commercial/business/service use; and/or
- Used as a betting office and/or a pay day loan shop

☒ Yes

☐ No

Would the proposed flat(s) only be situated on floor(s) above a floor where at least some of the other proposed mixed uses are to be provided?

☒ Yes

☐ No

If the building has a ground floor display window, would any of that ground floor be used as a flat?

☐ Yes

☒ No / The building does not have a ground floor display window

Will all the proposed flats have gross internal floor areas of at least 37 square metres, and comply with the [nationally described space standard?](#)

☒ Yes

☐ No

Following the change of use, will each flat only be used as a dwelling:

- By a single person or by people living together as a family; or
- By not more than 6 residents living together as a single household (including a household where care is provided for residents)

☒ Yes

☐ No

Description of Proposed Works, Impacts and Risks

Proposed works

Please describe the proposed development including details of the flat(s) and other works proposed

To convert the 2 upper floors to a 3 bed apartment.

Please provide details on the provision of adequate natural light in all habitable rooms of the dwellinghouses

all habitable rooms have adequate windows to provide natural daylight

What will be the net increase in dwellinghouses?

1

This figure should be the number of dwellinghouses proposed by the development that is additional to the number of dwellinghouses in the existing building prior to the development.

Please provide details of any arrangements required for the storage and management of domestic waste

There are residential properties to the left of the proposed entrance to the apartment who keep their bins at the top of the street. Where they are located would be classed as the side of the property. The residential properties to the right also use this area. This is where the residents of the apartment would also keep their bins.

Impacts and risks

Please provide details of any contamination risks and how these will be mitigated

No risks identified the commercial unit is a retail shop so no food waste. The residential properties to each side already have a successful system of waste Collection

Please provide details of any flooding risks and how these will be mitigated.

There is no history of flooding on the searches when I purchased the property.

A flood risk assessment should accompany the application where the site:

• is in Flood Zones 2 or 3; or

• is in an area with critical drainage problems (such areas will have been notified to the Local Planning Authority by the Environment Agency).

[Check if your site location is in Flood Zone 2 or 3 online](#)

Check with your Local Planning Authority to see if your site is in an area with critical drainage problems.

Please provide details of the impacts of noise from any commercial premises on the intended occupiers of the new dwellinghouses and how these will be mitigated

I have had a noise impact assessment done with an action plan. I have attached the assessment. The action plan includes sound proof boarding on the commercial unit ceiling, rockwool insulation in between the commercial unit and first floor and the first floor boarded with wood to cover any gaps. See report for full details its under section 5.
