RECOMMENDATION

GRANT subject to conditions

CHECKED AND SIGNED OFF BY: TH

DATE: 05.08.2025

SITE

The site is located at 79 Argyle Street, Heywood, a two-storey end terrace dwelling. Due to the property being on an end plot, it has amenity space to the side of the dwelling that was once a garden and now provides off street parking. The property also has a rear garden. The site is within the Defined Urban Area.

PROPOSAL

The application seeks permission for a single storey side extension with a pitched roof. The proposed development will provide additional living space. The existing main door to the property is on the side elevation, this will move to be on the front elevation of the proposed side extension.

On the rear elevation the existing door is to be blocked up and a new door proposed on the rear elevation of the side extension.

REPRESENTATIONS

Letters of notification have been sent out to surrounding neighbour and one comment has been received asking for clarification on the proposed plans.

ANALYSIS

Principle of Development.

The proposed application site is located within the Defined Urban Area as designated under the Proposals Map of the Unitary Development Plan (UDP). The site is located with a predominately residential area and the principle of development is considered acceptable.

Design

Paragraphs 131 and 135 of the National Planning Policy Framework (NPPF) state that good design is a key aspect of sustainable development and that planning policies and decisions should ensure that developments function well and add to the overall quality of the area and are visually attractive as a result of good architecture, layout and appropriate and effective landscaping, which is largely reflected within Policies DM1 and P3 of the Council's adopted Core Strategy, which requires development proposals to demonstrate high quality design.

The proposed development consists of a single storey side extension that will project 3.3m from the side elevation. The dwelling is an end terraced dwelling, and the side extension is set back from the front elevation of the dwelling. This will not result in a terracing effect and is considered acceptable.

The proposed materials will match the host dwelling, and this is considered acceptable.

The design of the proposal is therefore acceptable and accords with policies DM1 and P3 of the adopted Rochdale Core Strategy, the SPD and the NPPF.

Impact on Surrounding Occupiers.

Paragraph 135 of the National Planning Policy Framework advises that planning decisions should always seek to secure a high standard of amenity for existing and future users. Further to the above are the considerations of the Council's Supplementary Planning Document (SPD) 'Guidelines and Standards for Residential Development' which states that new developments *"should be carefully designed to protect the amenity of the occupants of adjoining properties."*

The proposed development will introduce a door and a window on the front elevation, this is not considered to have a negative impact on neighbour amenity as it will not reduce the space between windows and opposite dwellings.

The proposed development will also leave a sufficient amount of garden space for existing and future occupiers.

There are no concerns regarding the impact of the development on the amenity of future or neighbouring occupants, in accordance with policies DM1, the SPD and the NPPF.

Highways

Paragraph 116 of the National Planning Policy Framework states that development should only be prevented or refused on highways grounds if there would be an unacceptable impact on highway safety.

The proposed development will leave space for at least one off-street parking space, this is acceptable..

The proposal accords with the requirements of Policies T2 and DM1 of the adopted Core Strategy and the National Planning Policy Framework

RECOMMENDATION

Grant subject to the following conditions

1. The development must be begun not later than three years beginning with the date of this permission.

Reason. Required to be imposed by Section 91 of the Town and Country Planning Act 1990 (as amended).

2. This permission relates to the following plans:

- Location Plan
- Existing and Proposed Block Plan 25.3591.2
- Proposed Floor Plans and Elevations 25.3591.SC2.1

and the development shall be carried out in complete accordance with these drawings hereby approved.

Reason: For the avoidance of doubt and to ensure a satisfactory standard of development in accordance with the policies contained within the saved Rochdale Unitary Development Plan, the adopted Rochdale Core Strategy and the National Planning Policy Framework.

3. The materials used in the construction of the exterior of the development hereby permitted shall match those used in the construction of the exterior of the existing building in colour, form, type, size and texture.

Reason: In order to ensure a satisfactory appearance in the interests of visual amenity in accordance with policies P3 and DM1 of the adopted Rochdale Core Strategy and the National Planning Policy Framework.

Procedure Statement

The proposal complies with the development plan and would improve the economic, social and environmental conditions of the area. It therefore comprises sustainable development and the Local Planning Authority worked proactively to issue the decision without delay.
