Summary and Making an Application

This site presents a reasonable opportunity to deliver a single dwelling, which would make a limited contribution to the housing requirements of the borough.

It will be necessary to demonstrate that the impact on existing green infrastructure can be limited to an acceptable degree in order for the principle of development to be accepted.

It will also be expected that the design of the dwelling is reconsidered in order to have an acceptable impact on neighbouring heritage assets and positively contribute to local character. We would be happy to hold further discussions as the scheme evolves and the details progress.

Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
- (b) an elected member
- (c) related to a member of staff
- (d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

* "owner" is a person with a freehold interest or leasehold interest with at least 7 years left to run.

** "agricultural holding" has the meaning given by reference to the definition of "agricultural tenant" in section 65(8) of the Act.
