Non-Material Amendment(s) Sought

Please describe the non-material amendment(s) you are seeking to make

This application relates to amendments on the approved proposed floor plans and proposed elevations which includes the removal of the first floor window above the stairs and infilling the opening to continue the mock-tudor timber paneling and render along the facade to respect the building's non-designated heritage asset status.

Please state why you wish to make this amendment

The Fire Engineer raised concern regarding the bedroom windows for Flat 5 being within the 1800mm separation zone between the stairwell window and bedroom windows and if a fire was ignited the adjacent timber fenestration/external facade the stairwell could be compromised for the residents occupying the first-floor apartments. Therefore, we have proposed the solution of removing the window to eliminate this concern.
