Part I - Particulars of Application

Date of Application: 6 January 2023

Proposal:	First floor extension to form two storey dwelling including balconies on front and rear elevations.,
Location:	78 Greenvale, Rochdale, OL11 5QJ,

Part II - Particulars of decision

The Rochdale Borough Council hereby give notice in pursuance of the provisions of the Town and Country Planning Act 1990 (as amended) that planning permission has been **REFUSED** for the carrying out of the development referred to in Part I hereof for the following reason(s).

Reasons:

- 1 By virtue of its design and siting, the proposed first floor extension would represent an incongruous form of development and not appear to respect the visual form and character of the host dwelling. The extension would appear discordant with the verdant character of the estate, resulting in visual harm to the character and appearance of the street scene. As such, the proposal would not accord with Policies DM1 and P3 of the adopted Rochdale Core Strategy, the Council's adopted Supplementary Planning Document 'Guidelines and Standards for Residential Development' and the National Planning Policy Framework
- 2 By virtue of its siting, design and scale, the extension would pose a noticeably significant loss of light as a result of the scale of development taking place upwards of the existing dwelling and a loss of privacy and occupier amenity caused by the addition of two side windows to the eastern elevation which would overlook the rear garden of 41 Norford Way. As such, the proposed development would fail to accord with the residential amenity aims of policies DM1 and P3 of the adopted Rochdale Core Strategy, the Council's 'Guidelines and Standards for Residential Development' SPD and the National Planning Policy Framework.

Procedure Statement:

The proposal would not improve the economic, social and environmental conditions of the area nor does it comply with the development plan and therefore does not comprise sustainable development. There were no amendments to the scheme, or conditions which could reasonably have been imposed, which could have made the development acceptable and it was therefore not possible to approve the application.
