

Town and Country Planning Act 1990 (as amended)

PLANNING PERMISSION GRANTED

APPLICATION REFERENCE: 23/00893/HOUS

Name and address for correspondence:	Applicant name:
Mark Herring Clear Architectural Services 50 Rectory Street Middleton Manchester M24 5TY	MR JULIAN MCBRIDE

Part 1 - Particulars of Application

Date of Application: 7 February 2024

Proposal:	Erection of a single story rear extension/self-contained dwelling with glass link to existing house
Location:	1 Moorgate East Farm , Burnedge, Rochdale, OL16 4QL

Part 2 Compliance with Conditions

It is YOUR responsibility to comply with planning conditions. The Council's Planning Enforcement Team is responsible for investigating alleged breaches of planning control. This includes ensuring that all relevant conditions have been complied with. Effective enforcement is important to:

- Tackle breaches of planning control which would otherwise have unacceptable impact on the amenity of the area
- maintain the integrity of the decision-making process;
- help ensure that public acceptance of the decision-making process is maintained.

Whilst the majority of developers/homeowners do comply with the requirements of planning permissions, there are a number who do not. Where any planning conditions are breached, the Council can take formal enforcement action without further notice. Enforcement action could include such measures as requiring remedial works, cessation of use, or complete demolition and can cause the developer/homeowner unnecessary expense, delay and frustration. In some cases, failure to comply with planning conditions can lead to the loss of the planning permission.

Part 3 - Particulars of decision

The Rochdale Borough Council hereby give notice in pursuance of the provisions of the Town and Country Planning Act 1990 (as amended) that planning permission has been **GRANTED SUBJECT TO CONDITIONS** for the carrying out of the development referred to in Part I above.

The Council hereby permits the above development in accordance with the details given on the application form and subject to the following condition(s):

Conditions and Reasons:

- 1 The development must be begun not later than three years beginning with the date of this permission.

Reason: Required to be imposed by Section 91 of the Town and Country Planning Act 1990 (as amended).

- 2 The permission relates to the following plans:

- o Location Plan - Drawing no. CM336 PL 02c. received 11/02/2025
- o Existing Site Plan - Drawing no. CM336 PL 03b. received 14/01/2024
- o Proposed Site Plan - Drawing no. CM336 PL 04c. received 11/02/2025
- o Existing and Proposed Site Plan - Drawing no. CM336 PL 05b. received 11/02/2025
- o Existing Floor Plans and Elevations - Drawing no. CM336 EX 01b. received 14/01/2024
- o Proposed Floor Plan and Elevations - Drawing no. CM336 PL 01j. received 10/01/2025
- o Proposed Drainage Layout - Drawing no. CM336 PL 06a received 11/02/2025

and the development shall be carried out in accordance with these drawings hereby approved.

Reason: For the avoidance of doubt, and to ensure a satisfactory standard of development in accordance with the policies contained within the adopted Rochdale Core Strategy, the adopted Places for Everyone Joint Development Plan and the National Planning Policy Framework.

- 3 Notwithstanding any description of materials in the application, no above ground construction works shall take place until samples and / or full specifications of materials to be used externally on the building(s) have been submitted to and approved in writing by the Local Planning Authority. For the avoidance of doubt, such details shall include the type, colour and texture of the materials and, where stonework is proposed, a one metre square freestanding panel of stonework showing the type of natural stone, coursing, jointing and mortar mix and finish. The development shall be carried out in accordance with the approved details.

Reason: In the interests of visual amenity and to protect the significance of the Grade-II listed building, in compliance with Policies P2, P3 and DM1 of the adopted Rochdale Core Strategy, Policies JP-P1 and JP-P2 of the adopted Places for Everyone Joint Development Plan, and the National Planning Policy Framework.

- 4 Notwithstanding any description of materials in the application, no above ground construction works shall take place until samples and / or full specification of materials of the proposed doors, windows, soffits, eaves, verges and ridge have been submitted to and approved in writing by the Local Planning Authority. Such details shall include detailed elevation and cross-section drawings at a scale of no less than 1:50, and the type, colour and texture of the materials. For the avoidance of doubt, the windows shall be of timber or aluminium construction. The development shall be carried out in accordance with the approved details.

Reason: In the interests of visual amenity and to protect the significance of the Grade-II listed building, in accordance with Policies P2, P3 and DM1 of the adopted Rochdale Core Strategy, Policies JP-P1 and JP-P2 of the adopted Places for Everyone Joint Development Plan, and the National Planning Policy Framework.

- 5 Notwithstanding any details hereby approved, no above ground works shall take place until full details of all rainwater goods including materials, method of support, design

and surface finish have been submitted to and approved in writing by the Local Planning Authority. For the avoidance of doubt, the rainwater goods shall be of metal construction. Development shall be carried out in accordance with the approved scheme and retained as such thereafter.

Reason: In the interests of visual amenity and to protect the significance of the Grade-II listed building, in accordance with Policies P2, P3 and DM1 of the adopted Rochdale Core Strategy, Policies JP-P1 and JP-P2 of the adopted Places for Everyone Joint Development Plan, and the National Planning Policy Framework.

- 6 The rooflights hereby approved shall be of a conservation style set flush to the roof slope.

Reason: In the interests of visual amenity and to protect the significance of the Grade-II listed building, in accordance with Policies P2, P3 and DM1 of the adopted Rochdale Core Strategy, Policies JP-P1 and JP-P2 of the adopted Places for Everyone Joint Development Plan, and the National Planning Policy Framework.

Procedure Statement:

The Local Planning Authority worked proactively with the applicant to identify various solutions during the application process to ensure that the proposal comprised sustainable development and would improve the economic, social and environmental conditions of the area and would accord with the development plan. These were incorporated into the scheme and/or have been secured by planning condition.

Date Decision Issued 26 February 2025

Melanie Hale
Head of Planning Services

IMPORTANT

PLEASE ENSURE THAT YOU HAVE READ AND FULLY UNDERSTOOD THE CONTENTS OF THIS DECISION NOTICE. YOUR ATTENTION IS DRAWN TO THE ATTACHED NOTES.

INFORMATIVE:

The Local Planning Authority's reasons for its decision are set out in the accompanying officer's report.

INFORMATIVE:

The applicant is reminded of the need to submit and obtain formal approval of those details required by the conditions of this planning permission before development may lawfully commence on the site. The formal discharge of a planning condition is currently subject to payment of an additional fee per request: £43.00 for householder applications and £145.00 in all other cases.

INFORMATIVE:

Bats can be mobile and cryptic in their habits, and can turn up in unexpected places. Under the Wildlife and Countryside Act 1981 it is an offence to capture, injure or kill a bat, deliberately disturb a bat, or damage or destroy a bat roost. Planning consent does not provide a defence against prosecution under this act. If bats are encountered at any time during works, work must cease and advice sought from a suitably qualified person about how best to proceed.

INFORMATIVE:

The proposed development lies within an area that has been defined by the Mining Remediation Authority as containing coal mining features at surface or shallow depth. These features may include: mine entries (shafts and adits); shallow coal workings; geological features (fissures and break lines); mine gas and former surface mining sites. Although such

features are seldom readily visible, they can often be present and problems can occur, particularly as a result of new development taking place.

Any form of development over or within the influencing distance of a mine entry can be dangerous and raises significant land stability and public safety risks. As a general precautionary principle, the Mining Remediation Authority considers that the building over or within the influencing distance of a mine entry should be avoided. In exceptional circumstance where this is unavoidable, expert advice must be sought to ensure a suitable engineering design which takes account of all relevant safety and environmental risk factors, including mine gas and mine-water. Your attention is drawn to the Mining Remediation Authority Policy in relation to new development and mine entries available at:

Building on or within the influencing distance of mine entries - GOV.UK

Any intrusive activities which disturb or enter any coal seams, coal mine workings or coal mine entries (shafts and adits) requires a Mining Remediation Authority Permit. Such activities could include site investigation boreholes, excavations for foundations, piling activities, other ground works and any subsequent treatment of coal mine workings and coal mine entries for ground stability purposes. Application forms for Mining Remediation Authority permission and further guidance can be obtained from The Mining Remediation Authority's website at: www.gov.uk/get-a-permit-to-deal-with-a-coal-mine-on-your-property

What is a permit and how to get one? - GOV.UK (www.gov.uk). In areas where shallow coal seams are present caution should be taken when carrying out any on site burning or heat focused activities.

If any future development has the potential to encounter coal seams which require excavating, for example excavation of building foundations, service trenches, development platforms, earthworks, non-coal mineral operations, an Incidental Coal Agreement will be required. Further information regarding Incidental Coal Agreements can be found here - <https://www.gov.uk/government/publications/incidental-coal-agreement/guidance-notes-for-applicants-for-incidental-coal-agreements>

If any coal mining features are unexpectedly encountered during development, this should be reported immediately to the Mining Remediation Authority on 0800 288 4242. Further information is available on the Mining Remediation Authority website at: Mining Remediation Authority - GOV.UK
