N/A

Assessment

Design and Visual Amenity: Are the following acceptable?

Impact on street scene, including subservience, terracing and building line	✓
Height and massing	✓
Facing materials and detailing	✓
Roof style	✓
Window proportions	✓
Bin storage	✓
Impact on trees	✓

Although the proposal would not comply with the guidance contained within the SPD regarding the 'terracing effect', it is not considered that a terracing effect would result from the proposed development given the curvature of the building line and presence of a public footpath between the application property and the adjacent no. 53 Round Thorn Road.

While the proposal would result in the storage of refuse bins to the front of the host dwelling, it is noted that similar arrangements are present throughout the street scene. Therefore, it is not considered that the visibility of the bins would unduly harm the character of the street scene. Additionally, the provision of an additional parking space would respect the existing street scene and appearance of the property with some front garden space retained.

The design of the proposal is acceptable and accords with policies DM1 and P3 of the adopted Rochdale Core Strategy, the SPD, PfE and the NPPF.

Residential Amenity: Are the following acceptable?

Impact on privacy, light & outlook of neighbours (to sides, rear and front)	✓
Light and outlook of application property	✓
Remaining garden space of application property	✓

The proposal is therefore acceptable in terms of residential amenity and accords with policy DM1 of the adopted Rochdale Core Strategy, the SPD, PfE and the NPPF.

Highways and Parking: Are the following acceptable?

Impact on highway safety	✓
Parking provision	✓

The proposal would create one additional off-street parking space which would be formed using permeable tarmac and sub-base.

The proposal is therefore acceptable in terms of highways and parking and accords with policy T2 and Appendix 5 of the adopted Rochdale Core Strategy and the NPPF.

Recommendation: Grant subject to the following conditions

1. The development must be begun not later than three years beginning with the date of this permission.

Reason. Required to be imposed by Section 91 of the Town and Country Planning Act 1990 (as amended).

2. This permission relates to the following plans:

- Location Plan. Dated 27/06/2024
- Existing Site Plan
- Amended Proposed Site Plan. Submitted on 11/09/2024
- Amended Existing and Proposed Floor Plans and Elevations. Submitted on 27/08/2024

and the development shall be carried out in accordance with these drawings hereby approved unless otherwise required by the conditions below.

Reason: For the avoidance of doubt and to ensure a satisfactory standard of development in accordance with the policies contained within the saved Rochdale Unitary Development Plan, the adopted Rochdale Core Strategy, the Places for Everyone Joint Development Plan and the National Planning Policy Framework.

3. The materials used in the construction of the exterior of the development hereby permitted shall match those used in the construction of the exterior of the existing building in colour, form, type, size and texture.

Reason: In order to ensure a satisfactory appearance in the interests of visual amenity in accordance with policies P3 and DM1 of the adopted Rochdale Core Strategy and the National Planning Policy Framework.

Article 35 Statement

The Local Planning Authority worked proactively with the applicant to identify various solutions during the application process to ensure that the proposal comprised sustainable development and would improve the economic, social and environmental conditions of the area and would accord with the development plan. These were incorporated into the scheme and/or have been secured by planning condition.
