Description of Proposed Works

Please describe the proposed works

Rendering the full front of the property. There is rendering in situ that currently covers approx 30% of the front of the property. We wish to extend this to the full frontal of the property and wrap around the edges of each side of the house. We would like to do this as we are having a problem with the brick faces blowing. We have replaced the bricks on a number of occasions and they are becoming increasing difficult to source. We feel that rendering is the only solution to rectify this issue.

This is subject to exemptions, an exemption applies in relation to planning permission for a development which is the subject of a householder application, within the meaning of article 2(1) of the Town and Country Planning (Development Management Procedure) (England) Order (2015)*.

Applicants for planning permission are required to make a statement as to whether they believe the biodiversity gain condition will apply if permission is granted, please confirm:

☒ It is my belief that if permission is granted for the development to which this application relates the biodiversity gain condition would not apply
