SITE

This application relates to 2 Yorkshire Street, which is a HSBC bank branch in Rochdale Town centre. It is a two storey, grade II listed building within the Defined

Urban Area. It was first listed on the 20th January 2015, for its architectural special interest and the contribution the building makes to the architectural or historic interest of the wider group of buildings.

The building was the former Oldham Joint Stock Bank built in 1895, and replaced an earlier flannel warehouse belonging to John Leach & Sons. Surrounding land uses are predominantly commercial and community uses. The site lies within Rochdale Town Centre Conservation Area.

The Listing Text reads as follows:
*"The former Oldham Joint Stock Bank, now HSBC, 2 Yorkshire Street, Rochdale, of 1895, is listed at Grade II for the following principal reasons: * Architectural Interest: as a well-executed design in a grand, neo-classical style representative of bank architecture in being outwardly impressive and embodying a sense of reliability, confidence and security * Materials: the building is constructed of high-quality ashlar and granite to the curved main elevation embellished with fine detailing of the stonework * Interior: the banking hall retains an impressive elongated, hexagonal roof light containing high-quality leaded and stained glass in an Art Nouveau design over the banking hall * Setting: the curving composition with higher central section maximises the bank's impact in a corner location and endows it with an eye-catching street presence which make it a positive asset to the visual quality of the town centre * Group Value: the bank has a functional group value with other closely located listed banks in Rochdale town centre."*

PROPOSAL

The application seeks listed building consent for the replacement of an existing ATM sign with a new ATM sign. The sign is a rectangle shape above the ATM situated on the southern elevation, facing the pedestrian footway. It would have a width of 0.5m and length of 0.7m. The design features the HSBC brand name and logo, and below that text stating "Cash Withdrawals".
This sign would replace a previous sign in the same location of the applicant building.

The application has been submitted in tandem with an application for Advertisement Consent (19/01338/ADV) for the same.

RELEVANT PLANNING POLICY

Planning (Listed Building and Conservation Areas Act) 1990 (as amended)

Section 66 of the above Act states that in considering whether to grant planning permission for development which affects a listed building or its setting, the local planning authority, or as the case may be, the Secretary of State shall have special regard to the desirability of preserving the building or its setting or any features of special architectural of historic interest which is possesses.

National Guidance

National Planning Policy Framework (NPPF) – February 2019

The Department for Communities and Local Government published the NPPF on 27 March 2012. The NPPF sets out the Government's planning policies for England and how these are expected to be applied.

National Planning Practice Guidance (NPPG)

The government published its NPPG on 6 March 2014. This is intended to complement the NPPF and to provide a single resource for planning guidance, whilst rationalising and streamlining the material. Almost all previous planning Circulars and advice notes have been cancelled. Specific reference will be made to the NPPG or other national advice in the Analysis section of the report, where appropriate.

Adopted Rochdale Core Strategy (CS):

The Core Strategy was formally adopted by the Council on 19th October 2016 and partially replaces the 2006 Unitary Development Plan. The following policies are relevant:

P2 Protecting and enhancing character, landscape and heritage

CONSULTATION RESPONSES

Conservation And Design

Summary: There are no objections raised in relation to this application.

Significance Assessment:

2 Yorkshire Street, now the HSBC bank, is a Grade II listed building located at the heart of the Rochdale Town Centre Conservation Area. The building was erected in 1895 and is constructed in the Neo-classical style, in sandstone and pink granite.

The proposal seeks to replace the existing ATM with a like for like replacement. Given the existing inclusion of an internally illuminated sign the replacement will have a neutral impact on the designated heritage assets (NPPF, paragraph 192). As such, there are no objections raised in relation to this application.

Impact Assessment: The proposal will have a neutral impact on the designated heritage assets (NPPF, paragraph 192).

REPRESENTATIONS

No representations have been received.

ANALYSIS

Appearance, Design and Impact on the Listed Building

Section 66 of the Planning (Listed Buildings and Conservation Areas) Act 1990 (as amended) states that in considering whether to grant planning permission for development which affects a listed building or its setting, the local planning authority shall have special regard to the desirability of preserving the building or its setting or any features of special architectural or historic interest which it possesses.

Section 72 of the Planning (Listed Buildings and Conservation Areas) Act 1990 (as amended) states that in the exercise of planning functions with respect to any buildings or other land in a Conservation Area, special attention shall be paid to the desirability of preserving or enhancing the character of appearance of that area.

Policy P2 of the Core Strategy outlines that the Council will protect and enhance the borough's character and the distinctiveness of its town centres, and conserve, enhance and promote key heritage assets, both statutory and non-statutory, including consideration of their wider settings.

The application relates to the front elevation of the Former Oldham Joint Stock Bank, now HSBC. The front elevation is a prominent feature within the main town square. The building lies within the Town Centre Conservation Area (as first designated in 1980 and later extended in 2011) and there are clear views of it from the open area and from the Town Hall. The Grade II listed Bank was built in 1895 on Yorkshire Street is recognised for its age and architectural style. It is noted that there have been alterations to the property to include the ATM machine, and signage to the front elevation.

The proposal seeks to replace an existing ATM sign. The existing signage is of similar design and finish and therefore this alteration is considered to have no impact on the significance of the listed building.

The Council's Conservation Officer has raised no objection to the proposal, stating that the proposal would have a neutral impact on the significance of this heritage asset (NPPF, paragraph 192).

The proposed signage accords with policy P2 of the Core Strategy, the National Planning Policy Framework and Sections 66 and 72 of the Planning (Listed Buildings

and Conservation Areas Act) 1990, which requires special regard to be given to the desirability of preserving Listed Buildings.

RECOMMENDATION - Grant with conditions

1. The works must be begun not later than the expiration of three years beginning with the date of this consent.

   Reason: To comply with the requirements of section 18 of the Planning (Listed Building and Conservation Areas) Act 1990 as amended by the Planning and Compulsory Purchase Act 2004.

2. This permission relates to the following plans:-

- Proposed front elevations: Dwg. No.: - 27449-457-E1 A
- Site plan: Dwg. No. :- 27449-457-SP

   and the development shall be carried out in complete accordance with these drawings hereby approved.

   Reason: For the avoidance of doubt and to ensure a satisfactory standard of development in accordance with the Planning (Listed Building and Conservation Areas) Act 1990 (as amended), the adopted Rochdale Core Strategy, the saved policies of the Rochdale Unitary Development Plan and the National Planning Policy Framework.
