Description of Proposed Works

Please describe the proposed works

2 storey extension to the south of the property and single storey extension to the east to provide further living space at ground floor and an additional bedroom and ensuite bathrooms at first floor level.

Large patio doors to the rear of the property will provide access to the garden. The extension is set back slightly from the existing elevation so as to read clearly as an extension to the property. This has been done successfully on other properties on the same road. The material selection looks to mirror the existing as far as practically possible.

Has the work already been started without consent?

Biodiversity net gain

Householder developments are currently exempt from biodiversity net gain requirements.

However, this exemption still needs to be confirmed by the applicant or agent when making a householder planning permission application.

☒ I/we confirm that the proposed development, if granted permission, would be exempt from the general biodiversity gain condition.

Paragraph 13 of Schedule 7A of the Town and Country Planning Act 1990 (as amended) sets out that every planning permission granted for the development of land in England shall be deemed to have been granted subject to the 'general biodiversity gain condition'.

However, the 'general biodiversity gain condition' does not apply in relation to planning permission for a development which is the subject of a householder application, within the meaning of Article 2(1) of the Town and Country Planning (Development Management Procedure) (England) Order 2015 (as amended).

- (b) an elected member
- (c) related to a member of staff

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.
