Condition(s) - Variation/Removal

Please state why you wish the condition(s) to be removed or changed

Justification

The applicant has a disabled wife in a wheelchair. The rear of the property is south facing where the sun comes up in the morning. The wife has found the morning rays to be therapeutic and enhances her wellbeing. The husband wants to be able to wheel his wife out in the morning from the bedroom to take advantage of the sun rays. Furthermore, the balcony will be behind the 45 degrees line of sight from the neighbour which would've applied had the applicant decided on a first-floor rear extension. However, this is an opaque glass screen which accepts light but will be non-see-through from either side, thereby, protecting the privacy of both neighbours. All other neighbours are considerably far away for any privacy concern to arise.

It is my opinion that this variation satisfies all planning policies and believe that the application be approved.
