Eligibility

Permitted development rights are subject to conditions set by legislation to ensure that only appropriate proposals are eligible.

The need to apply to the Local Planning Authority to see if prior approval is required is one such condition.

The questions below will help determine if the proposals are eligible for this permitted development right.

The current building and site

Was the current building constructed between 1 July 1948 and 5 March 2018?

- ☒ Yes
☐ No

On 5 March 2018, based on the Use Classes in place on that date, was the building in use as:

- shops (Use Class A1), financial and professional services (Use Class A2), restaurants and cafes (Use Class A3), offices (Use Class B1a), a betting office, pay day loan shop, launderette or a mix of any of these uses; or
- dwellinghouses (Use Class C3) including as a mixed use with any of the above

- ☒ Yes
☐ No

If the building is currently in mixed use including use as dwellinghouses (Use Class C3), was the current use as dwellinghouses only granted by virtue of permitted development rights Schedule 1, Part 3, MA of the Town and Country Planning (General Permitted Development) (England) Order 2015 (as amended)?

- ☐ Yes
☒ No / The building is not in mixed use including use as dwellinghouses

Have additional storeys already been added to the original building (as it stood on 1 July 1948, or as built after that date; or, if 'Crown land', as it stood on 7 June 2006, or as built after that date)?

- ☐ Yes
☒ No

Is any part of the land or site on which the building is located:

- in a conservation area;
- in an area of outstanding natural beauty;
- in an area specified by the Secretary of State for the purposes of enhancement and protection of the natural beauty and amenity of the countryside;
- in the Broads;
- in a National Park;
- in a World Heritage Site;
- in a site of special scientific interest;
- a listed building or land within its curtilage;
- a scheduled monument or land within its curtilage;
- a safety hazard area;
- a military explosives storage area; or
- within 3 kilometres of the perimeter of an aerodrome

☐ Yes

☒ No

The proposed development

Will the proposed additional storeys only be constructed on the principal part of the building (i.e. the main part of the building excluding any front, side or rear extension of a lower height, whether this forms part of the original building or a subsequent addition)?

☒ Yes

☐ No

Would the floor to ceiling height, measured internally, of any proposed additional storey exceed:

- 3 metres; or
- the floor to ceiling height, measured internally, of any existing storey of the principal part of the existing building

☐ Yes

☒ No

Would the proposed extended building's:

- height exceed 18m (as measured from ground level to the highest part of the roof, not including plant); or
- roof be:
 - more than 3.5 metres higher than the highest part of the existing roof (not including plant, in each case), where the existing building consists of one storey above ground level; or
 - more than 7 metres higher than the highest part of the existing roof (not including plant, in each case), where the existing building consists of more than one storey above ground level.

☐ Yes

☒ No

Would the proposed extension result in the highest part of the roof exceeding 3.5 metres above the highest part of the roof of any building in the terraced row it is situated (not including plant, in each case)?

☐ Yes

☒ No

Will the development include a window in any wall or roof slope forming a side elevation of the building?

☐ Yes

☒ No

Will all the proposed new dwellinghouses be flats (i.e. separate and self-contained premises constructed for use for the purposes of a dwellinghouse)?

☒ Yes

☐ No

Will all the proposed new dwellinghouses have gross internal floor areas of at least 37 square metres, and comply with the nationally described space standard?

☒ Yes

☐ No

Following the development, will every dwellinghouse in the building remain in use within Use Class C3 and for no other purpose, unless that purpose is ancillary to the primary use as a dwellinghouse?

- ☒ Yes
☐ No

Related operations and works

Will any proposed engineering operations reasonably necessary to construct the additional storeys and new dwellinghouses include:

- Provision of visible support structures on or attached to the exterior of the building upon completion of the development; or
- Anything other than works within the existing curtilage of the building to strengthen existing walls; strengthen existing foundations; or install or replace water, drainage, electricity, gas or other services

- ☐ Yes
☒ No

Will any works for the replacement of existing plant or installation of additional plant on the roof of the extended building reasonably necessary to service the new dwellinghouses include:

- Installation of plant where none currently exists; or
- Increasing the height of any installed plant (i.e. as measured before and after from the lowest surface of the roof on the principal part of the building)

- ☐ Yes
☒ No

Will any works for the construction of appropriate and safe access to and egress from the new and existing dwellinghouses (including means of escape from fire, via additional external doors or external staircases) extend beyond the curtilage of the existing building?

- ☐ Yes
☒ No

Will any works for the construction of storage, waste or other ancillary facilities reasonably necessary to support the new dwellinghouses:

- extend beyond the curtilage of the existing building;
- be situated on land forward of a wall forming the principal elevation of the existing building; or
- be situated on land forward of a wall fronting a highway and forming a side elevation of the existing building

- ☐ Yes
☒ No

Description of Proposed Works, Impacts and Risks

Proposed works

Please describe the proposed development including details of any dwellinghouses and other works proposed

Upward extension to create an additional floor level containing a two bedroom flat.

Please describe the effects of the proposed development on the external appearance of the building, including:

- the design and architectural features of the principal elevation (and any side elevation that fronts a highway)
- the impact of any works for the construction of appropriate and safe access to and egress from the new and existing dwellinghouses (including means of escape from fire, via additional external doors or external staircases)
- the impact of any works for the construction of storage, waste or other ancillary facilities reasonably necessary to support the new dwellinghouses

The materials used to be similar to existing including fenestrations, external wall finishes, roof finishes to be similar to existing.
The proposed development will provide adequate escape in the event of fire by providing temporary external staircase. Details of these will be submitted by the contractor prior to starting the works. Waste removal strategy will remain un-changed. Construction waste and materials will be stored at the rear of the property during construction.

In the case of upwards extensions consideration must be given to every face, not just the principal elevation, any side elevation fronting a highway or the design and architectural features of those elevations

Please provide details on the provision of adequate natural light in all habitable rooms of the dwellinghouses

All habitable rooms will have windows to allow adequate natural light into the spaces.

What will be the net increase in dwellinghouses?

1

This figure should be the number of dwellinghouses proposed by the development that is additional to the number of dwellinghouses in the existing building prior to the development.

Impacts and risks

Please provide details of any transport and highways impacts and how these will be mitigated

Specialist scaffolding, specialist contractor will be appointed. They will issue details on how work will be carried out and details of any transport and highways impacts and how these will be mitigated. Contractor will insure no work is carried in high rise above for storeys. No work will be carried unless approved by building inspector. Overall, the impact on transport and highway is minimal.

Please provide details of any air traffic and defence asset impacts and how these will be mitigated

as far as we are aware there are no air traffic and defence asset impact assessment required.
no issues to be reported for this section.

Please provide details of any contamination risks and how these will be mitigated

No known contamination at the moment.

Please provide details of any flooding risks and how these will be mitigated.

Flood risk not relevant, property is on second floor.

A flood risk assessment should accompany the application where the site:

- is in Flood Zones 2 or 3; or
- is in an area with critical drainage problems (such areas will have been notified to the Local Planning Authority by the Environment Agency).

Check if your site location is in Flood Zone 2 or 3 online.

Check with your Local Planning Authority to see if your site is in an area with critical drainage problems.

Please provide details of the impacts on the amenity of the existing building and neighbouring premises including overlooking, privacy and the loss of light and how these will be mitigated

No overlooking withing 21 meters away from any neighbouring properties' habitable room's windows.

In the case of upwards extensions this includes neighbouring properties which are not contiguous with the proposed development site. Further details around the impacts should be provided for these application types

Please provide details of the impacts of noise from any commercial premises on the intended occupiers of the new dwellinghouses and how these will be mitigated

No acoustic to be reported. The development is single dwelling.

Please provide details of the impacts of the introduction of, or an increase in, a residential use of premises in the area on the carrying on of any trade, business or other use of land in the area and how these will be mitigated

Residential increase will not impact the trading of any commercial unit in the area.

Where relevant (due to the siting of the building), please provide details of the impact on any protected view.

No impact on protected. window

There are no legal protected view that should be protected.

These are identified in the Directions Relating to Protected Vistas dated 15 March 2012 issued by the Secretary of State.

List of flats and other premises in the existing building

Please provide a list of all addresses of any flats and any other premises within the existing building
