Application to determine if prior approval is required for a proposed: Installation, Alteration or Replacement of other Solar Photovoltaics (PV) equipment on the Roofs of Non-domestic Buildings

The Town and Country Planning (General Permitted Development) (England) Order 2015 (as amended) - Schedule 2, Part 14, Class J

Publication of applications on planning authority websites

Please note that the information provided on this application form and in supporting documents may be published on the Authority's website. If you require any further clarification, please contact the Authority's planning department.

Site Location

Disclaimer: We can only make recommendations based on the answers given in the questions.

If you cannot provide a postcode, the description of site location must be completed. Please provide the most accurate site description you can, to help locate the site - for example "field to the North of the Post Office".

Eligibility

Permitted development rights are subject to conditions set by legislation to ensure that only appropriate proposals are eligible. The need to apply to the Local Planning Authority to see if prior approval is required is one such condition.

The questions below will help determine if the proposals are eligible for this permitted development right.

Please specify the type of roof on which the solar photovoltaic equipment is to be installed:

- ☐ Flat
☒ Pitched

Would any part of the solar photovoltaic equipment protrude more than 0.2 metres beyond the plane of the roof slope (when measured from the perpendicular with the external surface of the roof slope)?

- ☐ Yes
☒ No

Would any part of the solar photovoltaic equipment come within 1 metre of the external edge of the roof?

- ☐ Yes
☒ No

Would the total electrical generation capacity of all the solar photovoltaics installed on the building under permitted development rights (previously and in this proposal) exceed 1 megawatt?

- ☐ Yes
☒ No

Would the solar photovoltaic equipment be installed on roof slope which fronts a highway, or a building:

- in a conservation area;
- in an area of outstanding natural beauty;
- in an area specified by the Secretary of State for the purposes of enhancement and protection of the natural beauty and amenity of the countryside;
- in the Broads;
- in a National Park;
- in a World Heritage Site

Or, be installed on any part of the roof of a building that is:

- a scheduled monument (or the site contains one)
- a listed building (or within the curtilage of a listed building)

- ☐ Yes
☒ No

Description of Proposed Works

Please describe the proposed development:

The installation of approximately 50.43 kWp of solar PV on one mono pitched roof, with a 48,222 kWh/Year generation. The designs are approximate until detailed designs are completed by the contractor but we do not anticipate the size will be different to that indicated. The roof in question is indicated in both the '7767- Brownhill Learning Community - location plan - v2.0' document uploaded and 'ERDF Supplier Diagram Brownhill'. This first document also demonstrates the site boundary. The second diagram indicates the proposed layout of the panels on the roof, although this can change if necessary. Also uploaded are two documents titled '7677 Standard roof layout - pitched-v2.0' and '7677 Standard roof layout - pitched-Layout1-Locogen A1' which show generic principles for installing solar panels on pitched roofs, which will be followed and these will comply with the prior approval solar PV regulations e.g. not installing panels within 1m of the edge of the roof.

Declaration

I / We hereby apply for Prior Approval: Roof mounted solar PV on non-domestic building as described in this form and accompanying plans/drawings and additional information. I / We confirm that, to the best of my/our knowledge, any facts stated are true and accurate and any opinions given are the genuine options of the persons giving them. I / We also accept that: Once submitted, this information will be transmitted to the Local Planning Authority and, once validated by them, be made available as part of a public register and on the authority's website; our system will automatically generate and send you emails in regard to the submission of this application.

☒ I / We agree to the outlined declaration

Signed

Lois Chandler
