Details of the pre-application advice received

Dear Mr Campbell,

Thank you for your letter and for setting out the circumstances at your property. I appreciate that this has been a difficult period for you and I have taken the matters you raised into account.

You have described the works currently being carried out to the property. I would like to clarify that the works themselves are not a planning matter. The council is not raising concern in relation to internal or external repair works. The sole planning issue relates to the siting of the shipping container within the residential curtilage.

You referred to shipping containers at other locations within the borough. Each situation is considered on its own planning merits. The council responds where concerns arise and are capable of investigation. The presence of containers elsewhere does not form part of the assessment of the container at your property. The planning position of the container at 94 Elm Park Grove therefore requires separate consideration.

There is currently no planning permission in place for the container. While the use is described as temporary, temporary siting still requires planning consideration. To allow the matter to progress in a clear and proportionate way, you are advised to submit a planning application for the temporary retention of the container. This would enable the planning merits, including appearance and duration, to be formally assessed. Any application should provide justification for the temporary retention, a clear and defined timescale for removal, and details of any proposed mitigation such as screening. Submission of an application does not indicate a predetermined outcome.

To help bring this matter to a timely conclusion, please confirm how you intend to proceed. In particular, please advise whether you propose to submit an application for the temporary retention of the container or confirm your intended timescale for removal. The council requires clarity on the proposed next steps so the situation does not remain unresolved.

Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff**
- (b) an elected member**
- (c) related to a member of staff**
- (d) related to an elected member**

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.
