Part I - Particulars of Application

Proposal: Submission of details to comply with the Statutory Biodiversity Gain
Condition of planning permission 25/00737/FUL

Location: Valume Ltd
Ainsworth Street
Rochdale
OL16 5QX

Valid On: 24 April 2026

Your application for approval of details reserved by condition(s) has been dealt with and the details are set out below:

Condition(s) (1)

The effect of paragraph 13 of Schedule 7A to the Town and Country Planning Act 1990 is that planning permission granted for development of land in England is deemed to have been granted subject to the condition (biodiversity gain condition) that development may not begin unless:

(a) a Biodiversity Gain Plan has been submitted to the planning authority,
and;

(b) the planning authority has approved the plan.

The planning authority, for the purposes of determining whether to approve a Biodiversity Gain Plan, if one is required in respect of this permission would be Rochdale Council.

Based on the information available this permission is considered to be one which will require the approval of a biodiversity gain plan before development is begun because none of the statutory exemptions or transitional arrangements listed below are considered to apply.

Statutory exemptions and transitional arrangements in respect of the biodiversity gain condition.

1. The application for planning permission was made before 12 February 2024.

2. The planning permission relates to development to which section 73A of the Town and Country Planning Act 1990 (planning permission for development already carried out) applies.

3. The planning permission was granted on an application made under section 73 of the Town and Country Planning Act 1990 and

(i) the original planning permission to which the section 73 planning permission relates* was granted before 12 February 2024; or

(ii) the application for the original planning permission* to which the section 73 planning permission relates was made before 12 February 2024.

4. The permission which has been granted is for development which is exempt being:

4.1 Development which is not 'major development' (within the meaning of article 2(1) of the Town and Country Planning (Development Management Procedure) (England) Order 2015) where:

i) the application for planning permission was made before 2 April 2024;

ii) planning permission is granted which has effect before 2 April 2024; or

iii) planning permission is granted on an application made under section 73 of the Town and Country Planning Act 1990 where the original permission to which the section 73 permission relates* was exempt by virtue of (i) or (ii).

4.2 Development below the de minimis threshold, meaning development which:

i) does not impact an onsite priority habitat (a habitat specified in a list published under section 41 of the Natural Environment and Rural Communities Act 2006); and

ii) impacts less than 25 square metres of onsite habitat that has biodiversity value greater than zero and less than 5 metres in length of onsite linear habitat (as defined in the statutory metric).

4.3 Development which is subject of a householder application within the meaning of article 2(1) of the Town and Country Planning (Development Management Procedure) (England) Order 2015. A "householder application" means an application for planning permission for development for an existing dwellinghouse, or development within the curtilage of such a dwellinghouse for any purpose incidental to the enjoyment of the dwellinghouse which is not an application for change of use or an application to change the number of dwellings in a building.

4.4 Development of a biodiversity gain site, meaning development which is undertaken solely or mainly for the purpose of fulfilling, in whole or in part, the Biodiversity Gain Planning condition which applies in relation to another development, (no account is to be taken of any facility for the public to access or to use the site for educational or recreational purposes, if that access or use is permitted without the payment of a fee).

4.5 Self and Custom Build Development, meaning development which:

- i) consists of no more than 9 dwellings;
- ii) is carried out on a site which has an area no larger than 0.5 hectares; and
- iii) consists exclusively of dwellings which are self-build or custom housebuilding (as defined in section 1(A1) of the Self-build and Custom Housebuilding Act 2015).

4.6 Development forming part of, or ancillary to, the high-speed railway transport network (High Speed 2) comprising connections between all or any of the places or parts of the transport network specified in section 1(2) of the High Speed Rail (Preparation) Act 2013.

*original planning permission means the permission to which the section 73 planning permission relates" means a planning permission which is the first in a sequence of two or more planning permissions, where the second and any subsequent planning permissions are section 73 planning permissions.

For the purposes of paragraph 13 (a) above, a biodiversity gain plan is a plan which:

- (a) relates to development for which planning permission is granted, and;
- (b) specifies the matters referred to in sub-paragraph 14(2) below:

The matters are:

(g) information about the steps taken or to be taken to minimise the adverse effect of the development on the biodiversity of the onsite habitat and any other habitat;

(h) the pre-development biodiversity value of the onsite habitat;

(i) the post-development biodiversity value of the onsite habitat;

(j) any registered offsite biodiversity gain allocated to the development and the biodiversity and the biodiversity value of that gain in relation to the development;

(k) any biodiversity credits purchased for the development; and

(l) any such other matters as the Secretary of State may by regulations specify.

Officer Response: The Greater Manchester Ecology Unit were consulted on this application and based on the following submitted documents, they have agreed that these details are approved:

- **Biodiversity Gain Plan**
- **Biodiversity Net Gain Report by Fieldology Works, Date: 13.11.25**
- **Biodiversity Enhancement Plan by Fieldology Works, Ref: F201/3-1, Date: 28.1.26**
- **Habitat Management and Monitoring Plan by Fieldology Works, Version 01, Date: 28/01/2026**

Received by the Local Planning Authority on 24th April 2026

- **Statutory Biodiversity Metric, Version: Final**

Received by the Local Planning Authority on 10th July 2026

The approved development should be undertaken in full accordance with these documents in order to comply with the requirements of the condition.

Date of Decision: 14/07/2026

Melanie Hale
Head of Planning
