Non-Material Amendment(s) Sought

Please describe the non-material amendment(s) you are seeking to make

Amendment to the wording of Condition 2 (Approved Plans) and Condition 31 (Boundary Treatments) to substitute the approved boundary treatments plan (Revision C) with a later revision.

Please state why you wish to make this amendment

The installation of the boundary Treatment Plan (Revision C) would require the removal of the existing trees along the Northern Boundary. These trees are outside of the approved application and therefore by installing the golf netting from plots 20-44 there is a risk of entanglement from birds nesting in the retained trees along the northern boundary. The removal of these trees has not been approved under application ref: 23/00431/HYBR and in order minimize adverse impact on birds the proposed netting in front of the trees has been replaced with a 2.1m fence (see plots 20-44 on the revised boundary treatment plan). The Golf netting has been moved and proposed along the Northern boundary of plots 47, 48, 56 & into the POS area. There are no trees in front of these plots and therefore the risk of entanglement issues with nesting birds is further reduced.
