8th June 2026

To Whom it may concern.

This is to confirm the measures taken to eradicate the Himalayan Balsam present on site at Wildhouse Court Milnrow.

Every April to May since 2021 I have sprayed all areas with glyphosate weed killer. Once the plants had died back I then strimmed to below lowest node points to stop regeneration.

The strimmed vegetation was then left to dry and burned.

I continued to spray with glyphosate throughout the year.

There are now no signs of Himalayan Balsam on site.

Yours sincerely.

Mike Morris.
