IMPORTANT

PLEASE ENSURE THAT YOU HAVE READ AND FULLY UNDERSTOOD THE CONTENTS OF THIS DECISION NOTICE. YOUR ATTENTION IS DRAWN TO THE ATTACHED NOTES.

INFORMATIVE:

The Local Planning Authority's reasons for its decision are set out in the accompanying officer's report.

Your attention is drawn to the following (3)	
1	The applicant is reminded that, under the Wildlife and Countryside Act 1981 as amended it is an offence to remove, damage, or destroy the nest of a wild bird, while the nest is in use or being built. Planning consent does not provide a defence against prosecution under this act. If a bird's nest is suspected work should cease immediately and a suitably experienced ecologist employed to assess how best to safeguard the nest(s).
2	Protected species can turn up in unexpected places, and the granting of planning permission does not negate the need to abide by the laws which are in place to safeguard biodiversity. If at any time any protected species are found or are suspected of being present on the site and adversely affected by the development, work should cease immediately and an ecologist/LPA should be contacted.
3	All bats and their roosts are protected under the Wildlife and Countryside Act 1981; the Countryside and Rights of Way Act 2000; the Natural Environment and Rural Communities Act 2006; and by the Conservation of Habitats and Species Regulations (2010). Should any bats or evidence of bats be found prior to or during development, work must stop immediately and Natural England contacted for further advice. This is a legal requirement under the Wildlife and Countryside Act 1981 (as amended) and applies to whoever carries out the work. All contractors on site should be made aware of this requirement.
