

PL/2026/0679 – GMP SECURE BY DESIGN CONSULTEE RESPONSE
04.09.2026

Hi Anna

I have reviewed the plans and the accompanying Crime Impact Statement. No concerns have been identified within the Crime Impact Statement regarding the layout of the proposed scheme. I also note the comments relating to the existing fencing, which I am confident the applicant will address as part of the construction process.

To ensure an appropriate level of security is achieved for the school, I would recommend that the development is designed and constructed in accordance with Secured by Design standards.

Kind regards

Patrick Babb
Design for Security Consultant
